

Assalamualaikum

I am looking for a postgraduate master candidate (STG 2023 funded project).

Mode: Master by Research (full time)

Research Title : **Nonlinear Optical and Electronic Properties of Coumarin-Based Polyaromatic Hydrocarbons Chalcone Derivatives for Optical Limiting and Switching Applications**

Please refer to the poster for further details.

Any inquiries/application can be sent to dianalwani@usm.my

Thank you

 
UNIVERSITI SAINS MALAYSIA

POSTGRADUATE OPPORTUNITY

MSC IN PHYSICS (CONDENSED MATTER)

TITLE:
Nonlinear Optical and Electronic Properties of Coumarin-Based Polyaromatic Hydrocarbons Chalcone Derivatives for Optical Limiting and Switching Applications

REQUIREMENTS:

- Bsc in Physics or related field (Min CGPA >3.0)
- Highly motivated and passionate in reasech.
- Good command in English.

MONTHLY ALLOWANCE PROVIDED

APPLY NOW

 Please sent CV to :

Dr. Dian Alwani Zainuri
